

By law, Sinclair must not air the anti-Kerry "Stolen Honor" piece and not air an equally strong pro-Kerry piece very shortly thereafter, in an equally popular time-slot, with the same level of publicity, etc.

If they do, you must pull Sinclair's broadcasting license. Broadcasting laws were very carefully constructed to prevent just such a "hostile takeover" and it MUST not be allowed to happen.

Media consolidation should never interfere with a station's obligation to serve the public interest with objective programming for all Americans. Free public airwaves must not be abused to further one-sided political and corporate interests.

Please take your service to America very seriously, and do not allow yourselves to become partisan either. We, the taxpayers, pay your salaries. It is the FCC's job to pay attention to what is happening, and to put a stop to it.

Thank you.
